Welcome to Mykonos,
Truly the most romantic jet-set destination in the World.

The Royal Myconian Resort & Thalasso Center and the Myconian Imperial Resort & Thalasso Center offer modern luxury and privacy in a glorious setting. The hotels are situated in a quiet, unspoiled and picturesque area on Elia Beach.

These exclusive "family-owned and privately-run" resorts, constructed on an elevated position facing the Aegean Sea, offer unique facilities including a state-of-the-art Thalassotherapy Spa, indoor and outdoor pools as well as extensive water sports.

Treat your palate to succulent delights with the finest Mediterranean delicacies and international favourites in all our restaurants. The refinements of living, the relaxed and immaculate atmosphere, the look and taste of the dishes are as important as every other little detail that you will discover in our gourmet restaurants.

Versatility at its best, The Myconian Conference Centre has an ability to tailor conferences and events to your exact requirements. Every aspect of catering, from themed decorations to entertainment. Guest transportation can be arranged by the hotel's highly experienced team.
